Mr. Jerry Sipe, Director
Plumas County Environmental Health
270 County Hospital Road
Quincy, California 95971

Dear Mr. Sipe:

The California Environmental Protection Agency (Cal/EPA) conducted a program evaluation of the Plumas County Environmental Health's Certified Unified Program Agency (CUPA) on October 4, 2006. The evaluation consisted of a review of program elements and an in-office program review. The State evaluators completed a Certified Unified Program Agency Evaluation Summary of Findings with your agency's program management staff, which includes identified deficiencies, with preliminary corrective actions and timeframes, program observations and recommendations, and examples of outstanding program implementation.

Cal/EPA has received documentation of corrective actions taken by the Plumas County Environmental Health's CUPA for deficiencies found during the evaluation process. After reviewing the Evaluation Summary of Findings and the documentation of corrective actions, Cal/EPA finds that all deficiencies noted in the Evaluation Summary of Findings have been corrected.

Cal/EPA appreciates the actions taken by the Plumas County Environmental Health's CUPA that have corrected all of the deficiencies identified during the October 4, 2006 evaluation. Based on these corrections, Cal/EPA has modified the Plumas County Environmental Health's CUPA's rating on the evaluation from satisfactory with some improvement needed to meets program performance standards.
